Comment: No No and No please do not lower the rates for inmates for interstate calling. They are in jail, not a country club, no at summer camp they have committed a crime and they have no rights as far as I'm concerned. Boo Hoo to the grandmother who spends \$1000 a year to call her grandson why didn't she spend the money on him prior to being in jail, He and other people are there for a reason,

Ask the people that they stole from who now out of pocket need to replace the stolen items, Ask the people who now don't have family members due to shooting, drunk driving that had to pay for funerals and may have to work 2 jobs to make ends meet Ask the senior citizens who are paying high prices for interstate phone rates to speak to their relatives on less than \$1000 a month plus put food on the table, medications, taxes, utilities Ask the low income families who pay the same high rates while trying to make ends meet, If you lower for inmates than you need to lower for everyone organizations need to stop signaling out certain groups in this case inmates. If these people are so homesick, then they

should have thought before committing the crime Again they are not in a country club, they are in JAIL!!!! for crimes against society, against the law and giving into them does not correct the issue once they get out, they will be back in before you know it. Honest people pay for telephone, taxes, food, health insurance, dental insurance utilities house payments, car payments Inmates get all these things for free on our honest dimes and they still want more, free eyeglasses, free sex change operations that was just preformed in one of the New England states free Television, free access to the Library the best food money can buy, I worked for a broad band food company that delivers food to the prisons so I know what the quality of food is that they get, Come on now, buck up say NO Way don't discriminate against honest hard working citizens NO
